

Linden Place Museum  
1810-2014

To Whom It May Concern:

I have had the pleasure of working with Andrew Arcello for nearly a decade at Linden Place Museum, an 1810 historic house in Bristol, Rhode Island, where he currently co-directs our summer arts camp for children. Andrew has transformed our camp in to a highly regarded experience for children which both educates and entertains them and the very high rate of camper retention from year to year is a testament to Andrew's successes, extraordinary skill set, and vision.

Andrew is personable, enthusiastic, organized, and he possesses outstanding executive functioning skills. He would be a tremendous asset to any educational related endeavor or program as he has been to our museum education mission and I recommend him highly for any position for which he possesses the necessary qualifications. Lastly, please do not hesitate to contact me if I may provide further information with respect to Andrew's outstanding performance and accomplishments during his many years at Linden Place Museum.

Yours Sincerely,
